

## Remote Learning Tools: Tufts Learning Center and Udemy Business

The [Tufts Learning Center](#) allows employees to develop personal and professional skills with training programs, both in-person and virtually. Simply log on with your Tufts credentials, Tufts UTLN and Password. After logging in you have the option of clicking on the whole catalog of courses, only instructor-led courses, searching for courses by enrollment key name, or opening the resources page, which features FAQ's, tips and the Tufts Technology Working from Home Resources Page.

- Related Products

Tufts provides all students, faculty, and staff with free access to [Udemy Business](#), an online learning platform with a wide variety of content. Simply log on by clicking on the SSO button above the email login. You will go through a series of multiple-choice questions that tailor your content, after these questions you will be on the Udemy homepage.
